01. Grimelock and Dusk Creator feat. Omar Perry - Refuse

Grimelock and Dusk Creator meets legendary rasta Omar Perry to deliver a grimey urban pressure reliever. The tune builds up tension with hypnotic stabs and cinematic effects until the beats drop and a huge bassline comes in. Omar Perry's ital vocals shine through as a ray of hope in a storm of apocalyptic frequencies.

02. Dusk Creator - Infinity

Dusk Creator makes his debut on Stainage with "Infinity" and steps on post-dubstep territory. In his case, the term is depicting a skillful combination of dark garage and cinematic sound design with a remarkable attention to detail. Mournful, deep and catchy, this is a definite grower you just have to let it in.
